What is the service?

My Net's mobile phone service is a "SIM-only" service for use with existing mobile phone handsets. My Net utilises the Optus 4G/5G network to deliver this service.

Where is it available?

The 5G rollout is ongoing and is not available in all areas, please see the coverage map to see if it is available in your area. Where 5G is not available, 4G is available with a 4G footprint coverage of 98%. The link to the 5G coverage map is available here [Network Coverage Maps - Optus](#)

What do I need to access the service?

You will need an unlocked mobile phone handset that can access the 5G network. You can either request a new phone number with this service, or port across an active number from another carrier.

Minimum term of the service

This service is over 1, 12, 24 or 36 Month Contracts.

What is included?

Features of this service include all calls and SMS to mobile or fixed phones within Australia, voicemail and calls to 13, 1300 and 1800 numbers.

Do I have to bundle anything with the service?

No, you do not have to bundle anything with this service.
